## **ETL01 Speed Limiter Device (SLD)**

Speed Limiter Device (SLD) for Electronic Throttle Linkage Vehicles

Incorporates original Rontom Hologram Label for security

**ETL01 Speed Limiter Device (SLD)**  
(Electronic throttle linkage vehicles)

Test & Calibration  
Data Logger Unit  
for quick & easy calibration  
of the ETL01 speed limiter.

- Universal Unit fits all electronic vehicles.
- Incorporates pedal potentiometer cable for each vehicle.
- No cutting of Vehicle Manufacturer's wiring systems
- Full Kit

Approved to

United Nations ECE R89

ARAI Standards AIS018 and AIS004, part 3 and AIS037 for Conformity of Production

Manufactured under QMS ISO 9001-2015 & BSI Standard TS 16949 (BIQS) Automotive Quality Management
